Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The discussion was towards the outstanding 35 USC 103 rejection with regards to Trouet. Applicant/Applicant's representative presented arguments that Trouet solved the problem of solubility, etc. and that such teachings would not lead one to the obviousness rejection set forth in the Final Office Action, as the problem argued by the examiner was, in fact, not considered a problem. The examiner indicated that evidence, e.g. affidavit/declaration, supporting this position would likely be considered favorably. Applicant's representative indicated that they would likely file an RCE with such evidence in response to the interview.
